This is a great book to study with others, and a wonderful opportunity to develop and deepen our love for one another.

## A Church of Small Groups...

Why are small groups important? From the earliest days of the church, Christians gathered in one another's homes to pray together, share meals, care for one another and remind each other of Jesus' and the Apostles' teaching. From day one, Jesus' followers understood that the Christian life is a *shared life*—one that is rooted in a community of people who are being transformed by the gospel of Christ and the Holy Spirit.

Small groups are often the place where we begin to experience community and spiritual growth like never before. Small groups provide limitless opportunities to deepen our love for God and others through prayer, study, caring and service to others. *Don't just go to church—be the church!*

If you're interested in **JOINING** a small group—contact the group leader listed below, or Judy Godeke, 508-234-5268.
